PRODUCTION MUSIC NOTES:

ABOUT PRODUCTION MUSIC

Production music (also known as “library” music) is high quality and cost-effective music specifically written, recorded, compiled and distributed for the non-exclusive use in audio and audio-visual productions, for TV and radio to feature films, websites, corporate videos and even viral marketing campaigns.

CAPASSO and PM-SA members represent over 3 million production music tracks from over 500 libraries, making it the largest collection of production ready music available on the continent!

All production music is pre-cleared for any type of use, and the licensing process through CAPASSO is quick and easy. See the step by step guide.

LICENSING PRODUCTION MUSIC

1. Choose music from one of the production music libraries listed on page 8 or at www.CAPASSO.co.za
2. Listen to the tracks, register on the relevant website and download the music or sound effect(s) you require. Keep note of the following vital details:
 - Track title
 - Catalogue number or CD number
 - Track number
 - Songwriter/ composer
 - Label/ library name
 - Duration of track (mins, secs)
3. Complete a CAPASSO cue sheet, listing the above details.
CAPASSO has partnered with Recue for hassle free automatic cue sheet generating software.
Go to: www.recue.biz
4. Submit the cue sheet to CAPASSO who will then provide you with an invoice with the relevant licensing fees.

GUIDELINES

A production music cue sheet must be submitted before the production is broadcast, transmitted, distributed, shown, exhibited, sold, hired, or in any way exploited. A complete and accurate music cue sheet should accompany any application for a licence. Failure to obtain a licence, or the giving of incorrect information of any kind, is an infringement of copyright and entitles the owner to an interdict, damages and other relief, in terms of the provisions of the Copyright Act No. 98 of 1978, as amended. All rates on this document exclude V.A.T.

The rates in the accompanying schedules apply only to music contained in CAPASSO and PM-SA Production Music recordings. (If you require Chart music, please contact CAPASSO directly for a separate licence).

Any usage of CAPASSO and PM-SA production music libraries, not expressly stated in these notes to the accompanying rate schedules, is prohibited and subject to special application. Productions, which have been altered in either sound or visual content including cut down versions, are considered to be separate productions and attract a separate licence and fee. A separate licence for each medium will always be issued unless otherwise stated (e.g. All Media rates).

The Audio Files, Compact Discs, DVD's or hard drives supplied remain the property of the Production Music owners/ representatives and they may not be sold or transferred to a third party under any circumstances.

Audio productions for retail sale, streamed or available for download on a digital platform primarily for the commercial exploitation of the music are specifically excluded. They cannot be cleared under these rates. Please contact CAPASSO directly if you have any questions regarding this use.

It should be strictly noted that only non-exclusive licences are issued for the use of CAPASSO members' production music.

CAPASSO reserves the right to request samples of any productions made and to make verification visits to ensure that our members' repertoire is being correctly licensed. CAPASSO and/ or its members retain the right to take legal action including but not limited to the levying of additional fees as may be deemed appropriate from time to time for late licence applications or non submission of cue sheets. CAPASSO's schedule of rates are reviewed annually.

Refer to the Glossary page for definitions and clarity on production music terms.
